

# Manteca Traffic Calming Program 2025 Citywide Guidelines

# More Information

<https://www.manteca.gov/departments/engineering/transportation-engineering>

The screenshot shows the Manteca California website. The header includes the city logo, the name "MANTECA CALIFORNIA", and navigation links for "Residents", "Business", and "Departments" (circled in red). A "Service Finder" button is in the top right. A search bar is also present. The left sidebar lists various services: "Water System", "Groundwater Management & SGMA", "+ Storm Drain System", "Transportation Engineering" (circled in red), and "Flood Maps". The main content area features a banner image of a road and the breadcrumb "Departments » Engineering »". The title "Transportation Engineering" is prominently displayed. Below the title are links for "Font Size", "Share & Bookmark", "Feedback", and "Print". The section "Manteca Traffic Calming Program" is highlighted, followed by a paragraph explaining the program's purpose. A link to download the "Neighborhood Traffic Calming Program Guidelines and Request Form" is provided, with the text "You may download the Neighborhood Traffic Calming Program Guidelines and Request Form below." The list of links includes "Manteca Traffic Calming Program (MTCP) Guidelines", "Manteca Traffic Calming Program (MTCP) Request Form", and "MTCP Information and Request Form Instructions" (circled in red).

### Manteca Traffic Calming Program

Traffic calming involves the combination of mainly physical measures that reduce the negative effects of motor vehicle use, alter driver behavior, and improve conditions for pedestrians, bicyclists, and other non-drivers.

The purpose and goal of the Manteca Traffic Calming Program (MTCP) is to preserve and improve the safety of residents within neighborhoods by reducing traffic volumes and speeds using enforcement and traffic calming measures.

**You may download the Neighborhood Traffic Calming Program Guidelines and Request Form below.**
